

# PEARL CAPITAL PRICE CALCULATOR

## 1. Receive Your Offer Email

*A Pearl Sales Rep will send you an Acceptance Email, containing a link to the Price Calculator, and your Deal*

## 2. Open The Price Calculator

*In your offer email, click on the "Access the Price Calculator" button to open the Price Calculator Interface and view the terms of your deal.*

## 3. Determine Daily Payment

*Adjust the daily payment slider, and notice how this affects the deal. A higher daily payment will result in a greater amount funded overall, and in turn, a larger commission for you, the ISO.*

## 4. Set Factor Rate

*Adjust the factor Rate slider, and determine the rate that you would like to close your deal with.*

## 5. Make Term Adjustment

*Adjust the Term slider and decide how long you would like the payback term to be.*

## 6. Confirm Your Deal

*Click the "Accept Offer" button, which will bring you to an overview of the Deal you have created. Click the "Confirm" button, and your deal will be sent to an underwriter for approval!*
